Take the \$75 self-paced course to earn 3 contact hours!

This series focuses on the importance of building relationships and cooperation between school nurses, families, students, and school community members to create the best outcomes for students with special health care needs.

In each episode of Hands In For Care, you'll hear a story that highlights a challenge school nurses face when caring for children with medical complexity. The podcast host, Erin Sivak, talks with real nurses, caregivers, and other experts to learn how to overcome these hurdles.

Episode 1 - "Building Relationships" - 34 min

Episode 2 - "Finding Community Connections" - 35 min

Episode 3 - "Making Engagement Equitable" - 33 min

Nursing Contact Hours: 3 contact hours, of which 0 are eligible for pharmacology credit.
