## **Program Description:**

The 2024 November Clinical Update is designed to enhance the skills and knowledge of school nurses who care for students with medical complexity.

This interactive, case-based, learning experience will:

- Highlight key touchpoints in care coordination and planning for students with medical complexity and strengthen the learners' understanding of how to approach them with an equity lens.
- Build recognition of students and their caregivers as the experts in their care.
- Feature medical and nursing expert faculty to share guidance on successful approaches to delivering equitable and high-quality care.
- Highlight available resources for school nurses striving to provide high-quality and equitable care for students with medical complexity.

## **Target Audience:**

School Nurses, School Health Professionals

## **CNE Hours:**

4.00 hours (estimated)

## **Cost: \$100**
